

ISSUING AGENT SERVICES

MAKE VP RESPONSIBLE FOR THE
ISSUANCE AND BOOK ENTRY OF YOUR
SECURITIES, AND BENEFIT FROM
EXTENSIVE EXPERIENCE.

When a company wants to issue securities, VP can act as a service partner during the entire process. VP Issuing Agent Services (VPIA) will subsequently ensure the daily handling of your securities. With extensive experience in this field, we will make our knowledge and guidance available for the issuance of shares and bonds.

Let us do the work

In the process of issuing securities, correct book entry and ongoing data updates are essential for both the issuing company and its investors. This task can be both complex and time consuming. With VPIA as your Issuing Agent, your issuance will be in safe hands.

Ongoing services

The completion of Corporate Actions is an extensive process that requires considerable coordination. VPIA's support and guidance includes everything from stock splits over mergers to the planning and execution of issuances with pre-emptive rights. Our experienced employees ensure that everything runs efficiently from start till finish.

Payments

VPIA can also serve as Paying Agent for companies, ensuring that dividend or interest payments are made to investors when due. These payments can be conducted in DKK and EUR.

Benefits

- Experienced and dedicated employees
- Service and guidance for both simple and complex processes
- Quick and smooth processes
- Efficient and reliable advisory services for the execution of Corporate Actions.
- "One point of contact" for reliability and punctuality
